

CT-100 THERMAL STRIPPER

Coastel Cable Tools will design custom tools or machines to meet your specific requirements.
Contact us by phone, fax, email or send us a sample of the cable or wire you need stripped.
We will develop a solution
We can also provide solutions for your needs with any of our engineered products and equipment.

CT-4 PNEUMATIC TOOL HOLDER

CT-200 ADJUSTABLE WIRE STRIPPER

178-255 CRIMP DIES

CT-6 COAXIAL CABLE TESTER

CT-7 WIRE & TUBING CUTTER

CABLE & WIRE STRIPPING TOOLS

CT100 THERMAL STRIPPER

Designed to easily remove wire insulation thermally, without damaging the conductor. The ergonomic designed handle fits nicely into the operators' hand. It can also be positioned in a mounted fixture on top of the power supply.

CT200 ADJUSTABLE WIRE STRIPPER

Wire Size 30AWG - to - 8AWG, Wire Type - strips solid or stranded wire, Teflon, PVC, nylon, rubber, neoprene, and most other jacket or insulating compositions . (Our technical services department will strip your wire and send the samples back with a report for your evaluation). Length of strip .0625" (1/16") to 1.125" (1-1/8")

CT-4 PNEUMATIC TOOL HOLDER

The CT4 Coastelmatic is a great low cost alternative to automatic crimping, stripping, and cutting machines. This one machine takes the place of all three and will save you thousands of dollars. Not only is the CT4 Coastelmatic inexpensive and versatile, it is also easy to set up. With a few minor adjustments the CT4 Coastelmatic can be set up to work most crimpers, strippers and cutters.

CT-6 COAXIAL CABLE TESTER

Hand-Held unit designed to test for open or shorts in BNC terminated coaxial cables. The tester will also check for open, shorts or bad cable for TNC or F type terminated cables. The mini tester comes complete with terminators for BNC, TNC and F type, a 9V battery and protective carrying pouch.

CT-7 WIRE & TUBING CUTTER

Cuts wire and tubing up to 1/4" (.250") to precise length. Counter can be set up for 9999 pieces for wire or tubing to any length. Has program and memory capability. A low cost alternative for medium production requirements.

178-255 CRIMP DIE

Crimp Dies for 734A and 735A type telecommunications cable. Dies will fit most crimping tools, and precisely crimp all major BNC Telco connectors
