Misc Hand Tools & Accessories

Coastel Cable Tools, Inc. is a manufacturer of Hand-Held Portable (Battery Powered or optional AC/DC 110V Power Supply) Coaxial Cable & Wire Strippers, and Precision High Volume Bench Top Production Equipment.

We manufacture products for stripping coaxial, triaxial, semi rigid, micro-coax and AWG wire. We also design and manufacture specialized equipment to process (strip & point) preformed semi rigid cable as well as other nonstandard tools for difficult applications.

Additionally we also manufacture custom tools for specialized applications, i.e. cut off saws, crimping dies, pneumatic tool holder for crimping and misc. hand tools.
